

Brockville General Hospital is a fully accredited, multi-site midsize community hospital serving a regional catchment area of up to 99,000. We deliver Acute Care including Emergency, Intensive Care, Medical/Surgical and Maternal Child care, as well as *Complex Continuing Care, Rehabilitation, Palliative Care and Acute Mental Health service*. In addition, BGH provides various ambulatory clinics and community programs.

We are situated on the beautiful St. Lawrence River in the heart of the famous Thousand Islands, a world-renown tourist destination.

Working at Brockville General Hospital means joining a team of talented, trustworthy, and committed individuals, dedicated to achieving the hospitals Mission/Vision/Values, and Goals. Brockville General Hospital is currently recruiting for the following position:

**FULL TIME MANAGER – DIAGNOSTIC IMAGING**

**POSITION SUMMARY**

Reporting to the Vice President of Clinical Services, the Manager of Diagnostic Imaging is responsible for co-ordinating the Diagnostic Imaging Department and resources to maximize the effectiveness of patient care and service delivery and to ensure Diagnostic Imaging meets all regulatory requirements including General Radiology, Ultrasound, Ontario Breast Screening Program, Mammography, Echocardiology and any other assigned portfolio. The Manager of Diagnostic Imaging will ensure members of the technical staff maintain the standards of practice of their individual regulatory colleges or associations and lead the DI team in implementing patient and family centered services and managing the financial and human resources of the department.

The Manager of Diagnostic Imaging participates in departmental and hospital-wide activities that model and promote a safe and healthy environment and that contribute to quality improvement and risk management initiatives.

The Manager of Diagnostic Imaging will collaborate with the Chief of Radiology related to departmental planning, particularly as it relates to quality of care concerns and equipment planning. In addition, the Manager will develop and foster collaborative relationships with regional peers to optimize regional goals and strategies.

**EDUCATION AND EXPERIENCE:**

- University degree in science, health care or business administration required
- Regulated/certified member of appropriate college
- Current registration as a Medical Radiation Technologist in good standing preferred
- Diploma/degree in Medical Radiation Technology (CMRT) strongly preferred
- Member of Ontario Association of Radiology Managers (OARM) preferred
- 3-5 years clinical experience working in Diagnostic Imaging
- 5 years' experience as a manager/supervisor required
- Previous exposure/experience with the Ontario Breast Screening Program preferred

**SKILLS, KNOWLEDGE AND ABILITIES**

- Solid business proposal skills
- Fiscally astute with experience creating and administering budgets
- Self-starter with strong team-building and conflict resolution skills
- Proven positive relationships with physicians, clinical staff and other departments
- Recognized leader in DI who is well informed of current best practices
- Prepared to work Monday-Friday (day shifts) with rotating on-call
- Good attendance and availability
